MINNESOTA MILITARY FAMILY FOUNDATION

MISSION

The mission of the Minnesota Military Family Foundation is to provide timely financial assistance to deployed and currently serving Minnesota military personnel and their families – which includes active duty, national guard and reserve components, across all services – who have a financial crisis that is not supported by existing state or federal programs. The Minnesota Military Family Foundation is a 100% volunteer organization.

The MMFF is a community-supported fund founded in November 2004. Contributions are made by people who understand that there are many sacrifices that military families make and want to help soften the financial hardships that may occur, especially when a family member is deployed, by providing a financial safety net.

HOW IT WORKS

The Foundation works closely with the Family Assistance Centers (FAC), which are government funded. FACs act as a filtering system for the MMFF and provides details of the financial needs. Persons seeking assistance may contact the FAC who verify information, evaluate the need, and direct requests to the Foundation. ONLY one cent to two and a half cents per dollar donated will go towards administrative costs.
